Github - Getting Started

Create a new account

First of all, you need access <https://github.com>.

The screenshot shows the GitHub homepage. The header includes navigation links: Personal, Open source, Business, Explore, Pricing, Blog, Support, a search bar, and Sign in / Sign up buttons. The main content area features the text "How people build software" and "Millions of developers use GitHub to build personal projects, support their businesses, and work together on open source technologies." Below this is a sign-up form with fields for "Pick a username", "Your email address", and "Create a password" (with a note: "Use at least one letter, one numeral, and seven characters."). A green "Sign up for GitHub" button is at the bottom of the form. A small GitHub mascot figure is visible on the left side of the form.

After this, you'll need create account, if you don't have, if you have, jump for next topic.

To create new account, click on 'Sign Up' and fill in the form's fields.

This screenshot is identical to the previous one, but the "Sign up" button in the top right corner of the header is highlighted with a red border.

The screenshot shows the "Join GitHub" page. The header is the same as the previous screenshots. The main content area has the heading "Join GitHub" and the subtext "The best way to design, build, and ship software." Below this is a three-step process: Step 1: Set up a personal account (highlighted with a blue border), Step 2: Choose your plan, and Step 3: Tailor your experience. The "Create your personal account" section includes fields for "Username", "Email Address", and "Password". A note states: "This will be your username — you can enter your organization's username next." and "You will occasionally receive account related emails. We promise not to share your email with anyone." To the right, a box titled "You'll love GitHub" lists benefits: "Unlimited collaborators", "Unlimited public repositories", "Great communication", "Frictionless development", and "Open source community".

PS: If you agreeing with github terms, you can click on "Create an account"

The screenshot shows the GitHub account creation page. It has a form with three main sections: 'Username' with a text input containing 'PutYourUserName' and a green checkmark; 'Email Address' with a text input containing 'yourEmail@email.com'; and 'Password' with a masked text input. Below the password field is a note: 'Use at least one lowercase letter, one numeral, and seven characters.' At the bottom of the form is a green button labeled 'Create an account'. To the right of the form is a box titled 'You'll love GitHub' containing three bullet points: 'Unlimited collaborators', 'Unlimited public repositories', and three green checkmarks followed by 'Great communication', 'Frictionless development', and 'Open source community'. At the bottom of the form is a link to the 'Terms of Service and the Privacy Policy'.

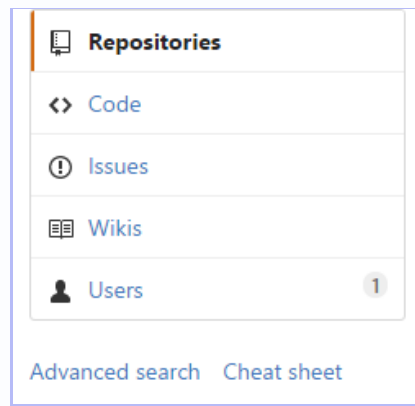

Search things

Github is a repository of so many codes and others things. You can search for a specific repository, person, wiki and etc, using 'Search Github' and write what you want.

The screenshot shows the GitHub homepage. The header has links for 'Personal', 'Open source', 'Business', 'Explore', 'Pricing', 'Blog', 'Support', and a search bar containing 'Welbert Serra'. There are 'Sign in' and 'Sign up' buttons. The main content area has a large image with the text 'How people build software' and 'Millions of developers use GitHub to build personal projects, support their businesses, and work together on open source technologies.' Below this is a 'Sign up for GitHub' button. To the right of the main content are three input fields: 'Pick a username', 'Your email address', and 'Create a password'. Below these is a note: 'Use at least one letter, one numeral, and seven characters.' At the bottom of the main content area is a link to the 'terms of service and privacy policy'.

The screenshot shows the GitHub search results page. The header is the same as the previous screenshot. The search bar contains 'Welbert Serra'. Below the search bar is a sidebar with a list of categories: 'Repositories', 'Code', 'Issues', 'Wikis', and 'Users'. The main content area has a large image with the text 'We couldn't find any repositories matching 'Welbert Serra'' and a link to 'advanced search'. At the bottom of the page is a footer with copyright information and links to 'Contact GitHub', 'API', 'Training', 'Shop', 'Blog', and 'About'.

In this page, we have a extra information. Like:

We can filter using Repositories, Code, Issues, Wikis and Users (*In this case, i wanted to search myself*)
