Is this your first time?

Hi! For full access to courses you'll need to take a few steps to create an account for yourself on this web site. Each of the courses you enroll in will have a one-time "enrolment key", which you won't need to remember. Here are the steps:

1. Fill out the [New Account](#) form with your details.
2. An email will be immediately sent to your email address.
3. Read your email, and click on the web link it contains.
4. Your account will be confirmed and you will be able to log in.
5. Now, select the course you want to participate in.
6. If you are prompted for an "enrolment key" - use the one your teacher has given you. This will "enrol" you in the course.
7. You can now access the full course. From now on, you will need to enter your personal username and password (the ones you created) to log in and access any course you have enrolled in.
